Privacy Policy of Piona Engineering SA

This Application collects some Personal Data of its Users.

Data Controller.

PIONA ENGINEERING SA Via Cantonale 35 a **Owner's email address:** piona@piona.ch

Types of Data Collected

Among the Personal Data collected by this Application, either independently or through third parties, are: Cookies, Usage Data, First Name, Last Name, and Email.

Full details on each type of Data collected are provided in the dedicated sections of this privacy policy or through specific informational texts displayed prior to the collection of such Data.

Personal Data may be freely provided by the User or, in the case of Usage Data, automatically collected during the use of this Application.

Unless otherwise specified, all Data requested by this Application are mandatory. If the User refuses to provide them, it may be impossible for this Application to provide the Service. In cases where this Application indicates certain Data as optional, Users are free to refrain from communicating such Data, without this having any consequence on the availability of the Service or its operation.

Users in doubt about which Data are mandatory are encouraged to contact the Data Controller.

The possible use of Cookies - or other tracking tools - by this Application or the owners of third party services used by this Application, where not otherwise specified, has the purpose of providing the Service requested by the User, in addition to the further purposes described in this document and in the Cookie Policy, if available.

The User assumes responsibility for the Personal Data of third parties obtained, published or shared through this Application and warrants that he/she has the right to communicate or disseminate it, releasing the Owner from any liability towards third parties.

Mode and place of processing of the Data collected

Modalities of processing

The Data Controller takes appropriate security measures to prevent unauthorized access, disclosure, modification or destruction of Personal Data.

The processing is carried out by means of computer and/or telematic tools, with organizational methods and logics strictly related to the indicated purposes. In addition to the Data Controller, in some cases, other subjects involved in the organization of this Application (administrative, commercial, marketing, legal, system administrators personnel) or external subjects (such as third

party technical service providers, postal couriers, hosting providers, companies IT, communication agencies) also appointed, if necessary, as Data Processors by the Data Controller. The updated list of Data Processors can always be requested from the Data Controller.

Legal basis of the processing

The Data Controller processes Personal Data related to the User in case one of the following conditions exists:

- the User has given consent for one or more specific purposes; Note: In some jurisdictions, the Controller may be authorized to process Personal Data without the need for the User's consent or another of the legal bases specified below, as long as the User does not object ("opt-out") to such processing. However, this does not apply if the processing of Personal Data is regulated by European legislation on the protection of Personal Data;
- the processing is necessary for the performance of a contract with the User and/or the performance of pre-contractual measures;
- the processing is necessary for the performance of a legal obligation to which the Controller is subject;
- processing is necessary for the performance of a task of public interest or the exercise of public authority vested in the Controller;
- the processing is necessary for the pursuit of the legitimate interest of the Controller or third parties.

However, it is always possible to ask the Controller to clarify the concrete legal basis of each processing and in particular to specify whether the processing is based on law, required by a contract or necessary to conclude a contract.

Location

The Data are processed at the operating offices of the Data Controller and in any other place where the parties involved in the processing are located. For more information, please contact the Data Controller.

The User's Personal Data may be transferred to a country other than the country where the User is located. To obtain more information about the location of the processing, the User may refer to the section on Personal Data processing details.

The User has the right to obtain information regarding the legal basis for the transfer of Data outside the European Union or to an international organization under public international law or consisting of two or more countries, such as the UN, as well as regarding the security measures taken by the Data Controller to protect the Data.

Should any of the transfers just described take place, the User may refer to the respective sections of this document or request information from the Data Controller by contacting it at the contact details given at the beginning.

Retention Period.

The Data are processed and stored for the time required by the purposes for which they were collected.

- Personal Data collected for purposes related to the performance of a contract between the Data Controller and the User will be retained until the performance of that contract is completed.
- Personal Data collected for purposes related to the legitimate interest of the Data Controller will be retained until such interest is satisfied. The User may obtain further information regarding the legitimate interest pursued by the Controller in the relevant sections of this document or by contacting the Controller.

When processing is based on the User's consent, the Data Controller may keep the Personal Data longer until such consent is revoked. In addition, the Controller may be obliged to retain Personal Data for a longer period in compliance with a legal obligation or by order of an authority.

At the end of the retention period, the Personal Data will be deleted. Therefore, at the expiration of this period the right of access, deletion, rectification and the right to Data portability can no longer be exercised.

Purposes of the Data collected
